

The year has been a good one for Cringleford Hub as Covid stopped having such a huge impact on our activities and the things we helped to support.

During the past year we have been running...

### **Bounce and Rhyme Toddler Group**

This resumed after the pandemic and met weekly throughout the year as a place for young children and their adults to come and meet and get chance to be together.

### **Cringleford Assembly**

This is a monthly place for people to get to meet their neighbors and think together about what life is all about. It meets on a Sunday morning in Cringleford School Hall and there is always coffee, croissants and craft as well as lego and challenges to give people of any age chance to engage not just with the them of the day but also with each other.

### **Jubilee Picnic**

As one of the events to mark Queen Elizabeth's platinum jubilee we hosted a bring your own picnic with jubilee themed games and music. This was a great success with people from all over the community as we gathered with games and picnics to celebrate the Jubilee. A particular shout out to all those who dressed as a monarch, to those who brought (and shared!) a platinum pudding and to the school who allowed us to move inside when it became clear the afternoon was going to be very wet indeed.

### **Christmas with the PTA**

This year The Hub combined with the School PTA's Christmas event to share a fun filled evening of carols, games and other Christmas Music with some amazing things put on by the PTA as part of it.

### **Pancakes 2023**

We once again had some great pancake races on Pancake day with some very competitive participants from the school! A huge thank you to Cringleford Tesco's who supported this community event with prizes and helping out on the day.

### **Tim**

At the end of February we say goodbye to our Community Pioneer Revd. Tim Yau. Now if you have been to a Cringleford Hub event, been giving sweets by a well lit angel on Halloween. Flipped a pancake outside the school, been to watch a children's film at the Willow Centre, been to a large picnic on the green, or been part of a whole host of organizations and initiatives you have been impacted by how Tim has been working in this community. Tim has been working across the community for almost 6 years and he, and his whole family, has been an amazing blessing to both the community and the church. Tim left his roles in Cringleford to start his new post of Interim Priest in Charge of the Sprowston Team Ministry on the first Sunday of March. We are delighted that Tim will continue to live in Cringleford while he takes on this post and we look forward to still seeing him around the area even if his work is elsewhere. This will impact the work of the Hub going forward – most immediately with the cessation of Bounce and Rhyme but we look forward to still being a community building presence in Cringleford.
